SUMMARY

Motivated final-year B.Tech (AIML) student at JSS Academy of Technical Education, Noida with a CGPA of 8.17/10(of 6 semesters) and consistent academic performance across all semesters. Possess strong foundations in Python, Data Structures & Algorithms, DBMS, and Object-Oriented Programming, complemented by practical internship experience and hands-on project work in AI and backend development. A quick learner and collaborative team player, eager to contribute to a dynamic organization as a fresher software or AI engineer.

EDUCATION

B.Tech – AI & ML, JSS Academy of Technical Education, Noida 2023 – 2027
HSC (XII): 90.00% | SSC (X): 93.80%

TECHNICAL SKILLS

Languages & Frameworks : Python • C++ • FastAPI • django

AI / ML & GenAI : Machine Learning • Deep Learning • Generative AI • LLM Integration • Groq API

Data & Databases : NumPy • Pandas • Matplotlib • Seaborn • PostgreSQL • SQLite

Tools & Platforms : Git/GitHub • Postman • VS Code • Jupyter • Google Colab **Core**

CS : DSA (C++) • OOP • DBMS/SQL

INTERNSHIP EXPERIENCE

Software & AI Intern | Skutrit Infotech, Noida (Remote) 3 Months

- Worked on MCP (Model Context Protocol) workflows to explore AI integration in software development pipelines.
 - Tested and documented REST API endpoints using Postman as part of an agile remote team.
 - Compared and evaluated LLM-based AI tools, presenting findings to support team decisions.
 - Gained practical exposure to sprint planning, feature scoping, and professional software development practices.
-

PROJECTS

- **Stratify 2.0 - Python • FastAPI • SQLAlchemy**
Automate client requirement analysis, proposal generation, project planning, and scope control.
- **OmniParse AI: Python, FastAPI, Streamlit, Uvicorn, LangChain**
A multi-page Streamlit application for chatting with PDFs, CSVs and ODF documents using **Google Gemini AI** Powered by RAG (Retrieval Augmented Generation), OCR, and FAISS vector search.
- **AI Chatbot – Groq LLaMA Python • Streamlit • LLaMA 3**
Real-time AI chat with streaming responses & persistent history.

- **Secure File Encryption System: FastAPI · AES-256-GCM · Argon2**
 - File protection backend with key derivation, token downloads & audit logging
-

CERTIFICATIONS & ACHIEVEMENTS

- Certifications & Learning in Nation Skill Up – AI Tools
- Hackathon NxtWave × OpenAI National — built Memory Mirror, AI solution for dementia memory recall
